

Traideal 1.0
Protocol
For Company

Purpose

This protocol defines the relationship between **[Company Name]**, Traideal 1.0, and its network of consultants and partners. The goal is to streamline resource allocation, execution, and collaboration to help the Company achieve vision-driven success.

1. Roles and Responsibilities

Company Responsibilities:

1. Provide clear vision streams, project goals, and requirements.
2. Allocate necessary budgets and resources.
3. Foster collaboration through transparent communication.

Traideal Responsibilities:

1. Match the Company with top consultants based on vision needs.
2. Offer a structured framework, including activity cards and wisdom sources.
3. Facilitate communication through built-in tools to ensure seamless execution.

Consultant Responsibilities:

1. Execute tasks aligned with defined project goals and timelines.
2. Share actionable insights and best practices.
3. Maintain professionalism and transparency during project delivery.

2. Confidentiality

All shared information, including business plans, budgets, and strategies, will remain confidential and used solely for the project. Upon termination, all confidential materials will be returned or destroyed.

3. Deliverables and Milestones

- A detailed **business roadmap** will be provided to ensure measurable progress.
- Deliverables will align with the Company's defined vision streams and milestones.

4. Payment Terms

The Company agrees to process payments as per agreed milestones and terms. Traideal will facilitate a transparent resource allocation system using credits.

5. Termination

Either party may terminate with a **30-day notice** if obligations are breached. Confidentiality and deliverables up to the termination point remain binding.
